About Our Hospital

Osaka University Hospital has been designated an advanced treatment hospital by the Ministry of Health, Labour and Welfare to provide advanced medical care services and conduct development, evaluation and training related to advanced medical care. We also conduct medical education and research through the medical care. We would appreciate your understanding and cooperation in our important mission.

External Prescription

The medicine prescribed in our hospital is prepared and dispensed at pharmacies outside of the hospital. We ask for your cooperation to promote the separation of dispensary from medical practice.

Patient Registration Card

Your patient registration card is common through all the clinical sections in our hospital. Please keep it with care and make sure to bring it whenever you visit.

Card with an ear symbol for hearing-impaired people (In Japan, it is called a "Mimi mark")

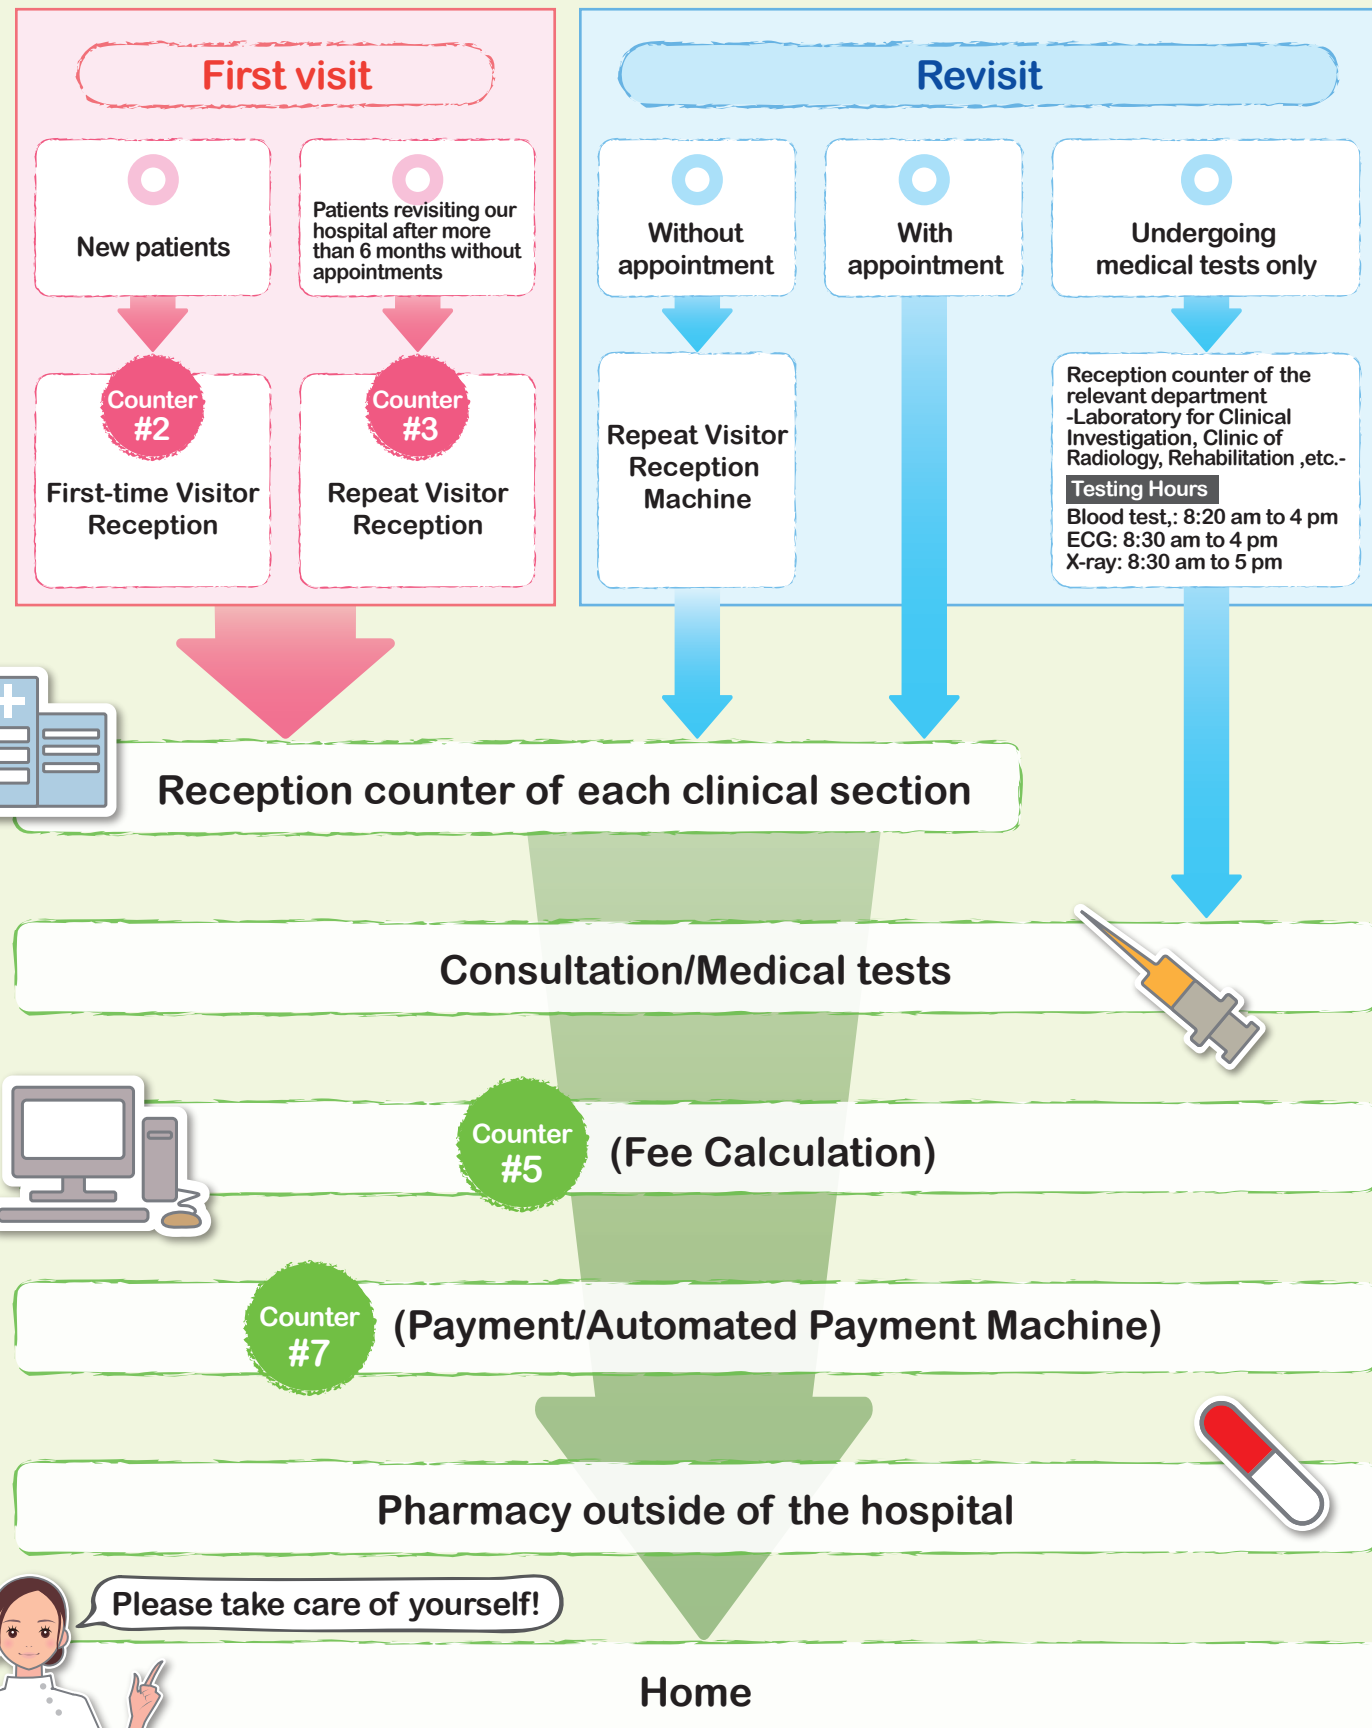

To help others know that you are hearing-impaired, cards with an ear symbol are available for hearing-impaired patients. Please ask to borrow one at the General Information Center (1st floor).

About refraining from fragrance

Please refrain from using an excess of aromatic products, such as perfume, hair products, and fabric softener, in order to prevent health hazards caused by chemical sensitivity
